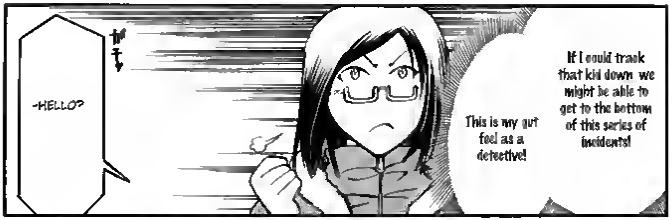
But just before it's ready the student transfers schools.
I can't leave this alone!
But...

That student...
The one who was actually the reincarnation of that Masaki---
But what makes me the most concerned about is...
And even the school has no idea where he transferred to, way too strange!



If I could track that kid down we might be able to get to the bottom of this series of incidents!
This is my gut feel as a detective!
